1810 Census of Washington Twp., Scioto Co., Ohio

Do not have the numbers but find Phillip Moore on the 1810 census. Need more info.

Also have Allen, Daniel, and William Moore on the same 1810 census.

Very possible that other members of the family came to Ohio. Possible Phillip's brothers??

Or even Phillip Sr's brothers??

2 is the only one that contains a Phillip old enough to be Phillip Jr b 1753 - d 1823 and Jemima (should be 1761) Prob. Phillip Sr. b 1726 - d 1810

Could Elinor be the 1775-1794 26-45 female?

Or did a son die leaving a wife & some children?

Do not have children for

Phillip + Amelia

Phillip + Apina

which could be the other 2 tho seems to be too many of elder age in families - a lot to learn.

1830 Census of Washington Twp., Scioto Co., Ohio

Phillip Moore

1 male 5 to 10.....	1825 to 1830	
1 male 40 to 50.....	1780 to 1790.....	prob. Phillip
1 female 5 to 10.....	1820 to 1825	
1 female 10 to 15.....	1815 to 1820	
1 female 15 to 20.....	1810 to 1815	
1 female 40 to 50.....	1780 to 1790.....	prob. Amelia

Seems likely that this Phillip is the one in the census above. Married in 1811 they had a daughter between 1810 and 1815.

RootsWeb's Guide To
TRACING FAMILY TREES

Now Cos. William, I want yhou (after giving me a full account of your co
give me your advice whether to sell or not. I have understood there is a fin
land on the [Iwa] river. That is the place that I have had a notion of going
have understood that the surveyors has commenced surveying the Purchas
West of the Mississippi.

I would like very well to git a job of surveying to do next season in that cc
you have any knowledge of a vacancy or any chance for me to git employ
way, please let me know. I have all the necessary instruments and am doin
business of that kind for our county at present.

Almost everything sells high here at this time. Land from 20 to 50 dollars
Prk from \$5 to \$6.00 per Cwt. Beef \$5.00 per Cwt. Salt \$1.50 Flour \$6.00
Barrel Corn from 20 to 25 cents per bushel Horses, cattle and hogs high. P
write to me immediately after the reception of this and oblige yours. No m
present but remain yours with much respect.

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that proper record-keeping is essential for the transparency and accountability of the organization. The text outlines the various methods used to collect and analyze data, ensuring that the information is reliable and up-to-date. It also mentions the role of technology in streamlining these processes and reducing the risk of errors.

In the second section, the focus shifts to the implementation of these practices across different departments. The document provides a detailed overview of the challenges faced during this process and the strategies employed to overcome them. It highlights the need for clear communication and collaboration between all stakeholders to ensure a smooth transition. The final part of the document concludes with a summary of the key findings and recommendations for future improvements.

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry, no matter how small, should be recorded to ensure the integrity of the financial data. This section also covers the various methods used to collect and verify data, including direct observation and interviews with staff members. The goal is to provide a comprehensive overview of the data collection process and the challenges involved in ensuring its accuracy.

In the second part, the focus shifts to the analysis of the collected data. This involves identifying trends, patterns, and anomalies that may not be immediately apparent from the raw data. Statistical tools and techniques are used to interpret the data, and the results are compared against the initial hypotheses. This section highlights the importance of critical thinking and the ability to draw meaningful conclusions from complex data sets.

The third part of the document discusses the implications of the findings for future research and practice. It suggests that the results of this study could be used to inform policy decisions and to guide the development of new programs and initiatives. The document also identifies areas for further research, such as the need for more detailed data collection and the exploration of additional variables that may influence the outcomes.

Prob Enos, son of John & Nancy
He was reported earlier as
working on a farm in Warren Co.
Maybe he met Martha there?

Perry F. m. Emma B. Ambrell 4-12-1894

Elizabeth must have first married a Buffington.

2 Step-sons listed by that name

a Wm. Buffington was an early settler in 1833. Perhaps a relative.

Figure 1: A line graph showing the trend of data over time. The x-axis represents time (0 to 10) and the y-axis represents value (0 to 100). The data points are connected by a line, showing a steady increase from 0 to 100.

Figure 2: A bar chart showing the distribution of data across different categories. The x-axis represents categories (A to J) and the y-axis represents value (0 to 100). The bars show a steady increase in value from category A to category J.

Figure 3: A pie chart showing the distribution of data across different categories. The chart is divided into 10 equal slices, each representing 10% of the total data.

Figure 4: A scatter plot showing the relationship between two variables. The x-axis represents variable X (0 to 10) and the y-axis represents variable Y (0 to 100). The data points show a positive correlation, with Y increasing as X increases.

Figure 5: A line graph showing the trend of data over time. The x-axis represents time (0 to 10) and the y-axis represents value (0 to 100). The data points are connected by a line, showing a steady increase from 0 to 100.

Searching
for our Philip
Moore

b 1815-1820
still living in 1885

Looks like a likely prospect
as a Philip Moore married Mary J. Swellen
Philip is the right age

If Sarah died 1869, then he was free
to marry in 1870.

Parents both born VA.....this is interesting as George DeLong was to have been born in PA and not VA, and his wife Elizabeth Stalter, also in PA. Unless we are wrong about the ancestry of this family. Probably just an error of the census taker. However, they did come from VA to Ohio and there were both DeLongs and Stalters in Botetourt Co., VA.

Samuel Surfus.....son, single.....male, white, 28.....born IN.....Farm laborer.....b. 1852

1. Introduction

The purpose of this study is to investigate the effects of various factors on the performance of a system.

2. Methodology

The study was conducted using a combination of experimental and analytical methods. The experimental setup involved the use of a test rig to measure the performance of the system under different conditions.

3. Results

The results of the study show that the performance of the system is significantly affected by the input parameters. The data indicates that the system performs best when the input parameters are within a certain range.

4. Discussion

The findings of this study have important implications for the design and operation of the system. It is recommended that the input parameters be carefully controlled to ensure optimal performance.

5. Conclusion

In conclusion, the study has shown that the performance of the system is highly dependent on the input parameters. Further research is needed to explore the relationship between the input parameters and the system performance in more detail.

The authors would like to thank the following people for their assistance during the study:

LIBERTY

LOCATION—AREA—NATURAL FEATURES.

This is one of the central townships in the tier which forms the eastern limit of the county. It is six miles long and six miles wide, its area, therefore, being in round numbers 23,040 acres. It is bounded on the north by the township of Delaware, on the east by a portion of Randolph County, on the south by Perry Township, and on the west by Center.

The surface is generally level, broken only by the valleys of the streams which traverse it. These streams are, with one or two exceptions, unimportant brooks or branches, tributaries of White River, which flows in a westerly course across the southern portion of the township. None of them are of sufficient magnitude to afford propelling power for machinery, and during very dry seasons their course across the township is only recognizable by their deserted beds. When the opposite extreme prevails, and there is an abundant rainfall, their narrow beds are quickly filled, and for the time being, these little streams, usually so insignificant, become roaring torrents, rushing impetuously toward their respective outlets, the Mississinewa and White Rivers.

These periodical overflows were the cause from which arose the malarial diseases which, half a century ago, were so common. In these later days, however, scientific farming has opened up a medium of egress for the water left in the depressed places by the receding streams, and the modern system of underdraining has been both the means of conveying away the waste water and redeeming lands otherwise useless. The soil in the vicinity of the river is of a sandy nature, but in other places it is almost wholly clay. It is quite rich and well adapted to the successful cultivation of all the varieties of fruit and grain common in this latitude.

EARLY SETTLEMENT.

The first settler in a region as wild as this was in the earlier part of the present century was one who deserved the praise which has been accorded to the pioneers of the West, by a grateful posterity; but it is a fact much to be regretted that, while our early settlers were carving enduring monuments to their memories from the forests among which they began their labors, they viewed the importance of their task so lightly as to leave no records from which a history of their settlement and movements might be made, and the information touching this subject can only be gleaned from the storehouses of memory.

At least sixty years have now elapsed since white men first began settling within the limits of Liberty; but the first were "squatters," whose only mission was the extermination of the game then so abundant.

They owned no land and did nothing that identified them with the history of the township, and their names passed from memory as their forms passed from this locality before the advance of civilization, which followed the advent of our pioneers a few years later.

The first tract of land was entered at the Government land office at Fort Wayne, by William Blunt, Sr., on the 9th day of December, 1822. The land then entered was a portion of Section 28. Mr. Blunt was probably the first permanent settler in the township. He cleared and improved a large farm, and was long a valued and useful member of the community. On the 16th day of December, 1822, Wilder Potter entered a tract of land in the same section (28), and cleared a portion of it. The remainder he sold to settlers who came to the township at a later date. The east half of the southeast quarter of Section 22 was entered by David Branson, December 11, 1823. Alanson Ashley and Henry Bolton entered land in Section 30, May 31, 1823. Both were industrious and respected members of the community. Mr. Ashley afterward became identified with other localities. James Jackson, formerly a citizen of Portsmouth, Ohio, entered a tract of land in Section 21, October 1, 1827. His farm was the east half of the northeast quarter of this section, and upon this farm he made his home until death. His

children were Araminta, Temperance, Maria, Sarah, Mahlon and Roswell, all of whom survive him. David Stout settled at Smithfield in 1828, and erected the first mill in the township, and about the same time John G. Deeds settled at the same point, and erected the second mill.

In 1829, Samuel Simmons came from the adjoining township of Perry, where he settled in December, 1824. He came to this county from Clark County, Ohio, accompanied by his wife and seven children, viz., Jacob, John, Elizabeth, Samuel, Jane, James and Rebecca, four of whom survive him and reside in this county. About the year 1830, his daughter Rachel was born, and was one of the first white children born in the settlement. He improved the farm which he had entered, making it his home until death. In November, 1830, John Moore came from Portsmouth, Ohio, and entered a body of land lying partially in Center and partially in Liberty. To this he added another tract, by purchase, making his possessions several hundred acres. His journey from Ohio was accomplished by the usual method of travel in those days, i. e., in wagons, containing the family and household goods. The children who accompanied him were Cynthia, William J., Philip, Levi, Jemima, J. Spencer, Charles Wesley, Joseph and Milton. His son Enos was born February 15, 1834. His uncle, John Moore, had preceded him, having located here in 1829.

A copy of the tract-book, now in the Auditor's office at Muncie, gives the following names as the purchasers of the several sections of land in the township, together with the date of entry. Some were not actual settlers, and for this reason we omit their names from what is designed as a list of pioneers.

Section 3. James H. Neal, May 12, 1836; John Givan, February 6, 1837; Moses E. McConnell, April 30, 1837; Melker Shroyer, October 25, 1837.

C. W. Moore

CHARLES W. MOORE

was born April 2, 1826, near Portsmouth, Ohio. His parents, John and Nancy Moore, sold their farm in the Scioto Bottoms, near that city, in the fall of 1830, and thence moved to Muncietown, in Delaware County, Ind., now the city of Muncie. They entered the lands now owned and occupied by Charles W. Legg, in Center Township, three miles east of Muncie, and settled thereon in the early part of 1831. They were members of the Methodist Episcopal Church, and were pioneers in the true sense of that word. They felled the forest, built the schoolhouse and the church, and soon had a home where thrift and economy, plenty and friendship reigned. They had a family of ten children, all of whom reached manhood and womanhood, namely: William J., Philip, Levi, John S., Charles W., Joseph, Milton, Enos, Cynthia and Jemima. Cynthia was the wife of Jacob Calvert, both now deceased, and Jemima was the wife of the late James E. Wilcoxon, now deceased. John S. and Milton both died unmarried.

The parents did not live long to enjoy the fruits of their labors. In the autumn of 1838, the mother was transferred from the church below to the church above, and the father in the spring of 1840, "was not, for God took him" to live with the loved ones gone before.

Charles was then fourteen years of age, and he found a goodly home with his brother William until his majority, in 1847. He then attended the old seminary at Muncie, under the management of Revs. J. S. Ferris and R. B. Abbott. In the spring of 1850, he entered the Sophomore class in Asbury University, graduating at the head of his class, in the summer of 1853. In the fall of that year, he was elected Professor of Mathematics at the Wesleyan Female College, Cincinnati, Ohio. After teaching several years, he studied law, and entered upon the practice of his chosen profession at Muncie, about the year 1860, and has enjoyed a successful legal practice in this city for more than twenty years.

He was married in December, 1855, to Sarah E., eldest daughter of Rev. G. M. Beswick. After her decease in 1857, he remained single four years and two months, and, in the fall of 1861, he was married to Clara J., second daughter of Samuel P. Wilson. They are the parents of two children—Charles E. and Mary E.

PARKER MOORE

was born February 28, 1826, in Scioto County, Ohio. His father, Lewis Moore, was born in Pennsylvania January 4, 1797, and, on the 4th day of January, 1816, married Patience Truitt, a native of Armstrong County, Penn., then residing in Scioto County, Ohio. They were the parents of ten children, namely: Nancy, Aaron, Amanda, Rhoda, Parker, John, Lewis, Sarah, Mary and Patience, of whom Nancy, Aaron and John are deceased.

The father was a farmer, and followed that occupation during life. He sometimes built flat-boats while living in Ohio, and, loading them with farm produce, sold it to towns along the river. He came with his family to Delaware County, Ind., in 1829, and entered land in Center Township, where he cleared and improved a farm. He died November 20, 1841. His wife died September 22, 1874.

Parker, the subject of this sketch, was but three years of age when he came to this county, and grew up with very limited educational advantages. At the age of twenty-three years, he married Miss Martha, daughter of John and Harriet Smith, who died December 10, 1871, leaving four children—Caroline, William R., George W. and Parker T. August 8, 1872, he was wedded to his present companion, Mrs. Christina Ribble, daughter of Gilpin E. Cook, and widow of the late Andrew N. Ribble, of this county. Her parents came to Delaware County in 1846, where the mother died in 1854. The father then moved to Blackford County, Ind., where he was engaged in milling operations until his death, which occurred in 1861. Mr. Moore owns and occupies the old homestead, having purchased the interest of the other heirs. He is a successful farmer and an active friend to public improvements, especially the cause of education. He is a member of the Methodist Episcopal Church, an upright, honorable man, and enjoys the good will of all who know him.

{Certificate.
No. 12024

The United States of America,

To all to whom these presents shall come, Greeting:

Whereas, John Moore of Delaware County Indiana has deeded in the General Land Office of the United States, a certificate of the Register of the Land Office at Indianapolis whereby it appears that full payment has been made by the said John Moore according to the provisions of the act of Congress of the 24th April, 1820, entitled "An act making further provision for the sale of the Public Lands," for the North West quarter of Section Nineteen, in Township Twenty North of Range Seven East in the District of Land subject to sale at Indianapolis Indiana, containing One hundred and forty seven acres and five hundredths of an acre according to the official plat of the survey of the said Land, returned to the General Land Office by the Surveyor General, which said tract has been purchased by the said John Moore

NOW KNOW YE, That the **UNITED STATES OF AMERICA,** in consideration of the premises, and in conformity with the several acts of Congress, in such case made and provided, have given and granted, and, by these presents, do give and grant, unto the said John Moore

To Have and to Hold the same, together with all the rights, privileges, immunities and appurtenances, of whatsoever nature thereunto belonging, unto the said John Moore and to his heirs, the said tract above described: and to his heirs and assigns forever.

In testimony whereof, I, Andrew Jackson

PRESIDENT OF THE UNITED STATES OF AMERICA, have caused these Letters to be made Patent, and the Seal of the General Land Office to be hereunto affixed.

Given under my hand, at the City of Washington, the 15th day of August in the year of our Lord one thousand eight hundred and thirty four and of the Independence of the United States the fifty ninth

By the President:

Andrew Jackson,

By A. J. Donelson

Sec'y

Pijah Hayman

Commissioner of the General Land Office.

Greetings,

If I understand correctly this is the way to obtain copies of the marriage licenses for those marriages performed in Delaware County, IN. I took this from the www.Scioto.org website and understand they are \$1.25 each. If that is incorrect, please let me know.

I am interested in copies of 3 marriage license applications or licenses.

Phillip Moore and Julie Ann Wilson, found in book C1, page 58

Phillip Moore and Sarah McCall, found in book C1, page 161

Phillip Moore and Mary J. Lewellen, found in book C5, page 411

Assume these are the correct pages as they were taken from a book in the Allen Co. Public Library. But if not, these are the couples I am looking for. Whatever information is there, would appreciate having it.

Should this be the incorrect way of doing this, or should I owe more money, let me know. I will enclose a SASE and a check with this order.

Thanks so much,

Betty,

I'm on vacation and spent a day at the ACPL and found our Philip Moore in the 1870 Census of Clay County, Illinois (p. 162). He is aged 54, born Ohio, and listed as a Miller by trade. His Real Estate was valued at \$3,000 and Personal Property at \$800. The kids are all gone except for one daughter, Kate, age 15 (b. abt. 1855). She is a new addition to our records, born after the 1850 census record. The census says Kate was born in Indiana and was attending school. All this info lines up with what we know about him.

We're only missing the 1860 and 1880 census records now. There is no index for the 1880 census so it will be a slow search.

Service Times

We hope to see you soon at one of our three weekend worship celebrations:

**Saturday 6 p.m. and
Sunday 9 & 10:30 a.m.**

Nursery (0-36 months) and New Hope Kids (Age 3 - 5th Grade) are available during all weekend worship celebrations.

Driving Directions

New Hope is located in the heart of DeKalb County, just one mile north of DeKalb High School and DeKalb Middle School on CR 427 at 900 S. Wayne St. in Waterloo.

History 🏛️

New Hope was founded in 1980. The initial meeting consisted of just 38 people.

Ralph Diehl served as Interim Senior Pastor until Jan. 11, 1981, when he was unanimously selected as permanent Senior Pastor by the Charter Membership.

Since that time, Pastor Diehl has continued to lead New Hope through his steady leadership. In late 1996, New Hope relocated to the current location. In 2001, the church was expanded to include a much larger office complex, a large multipurpose room and nine additional classrooms.

In Jan. 2005, Pastor Diehl challenged the congregation to reduce the then-\$139,000 church mortgage to \$100,000 by June 26, 2005. The people of New Hope rallied, easily surpassing the goal. In June 2007, the mortgage was officially burned, leaving New Hope with no outstanding debt.

Today, New Hope is a member of _____ and the _____.

Sanctification

The Scriptures Inspired. The Bible is the inspired Word of God, a revelation from God to man, the infallible rule of faith and conduct, and is superior to conscience and reason, but not contrary to reason (II Timothy 3:15-16, I Peter 2:2).

The One True God. The one true God has revealed Himself as the eternally self-existent, self-revealed "I AM" and has further revealed Himself as embodying the principles of relationship and association, ie, Father, Son, and Holy Ghost (Deuteronomy 6:4, Mark 12:29, Isaiah 43:10-11, Matthew 28:19).

Man, His Fall and Redemption. Man was created good and upright for God said, "Let Us make man in Our image, after Our likeness." But man, by voluntary transgression, fell, and his only hope of redemption is in Jesus Christ the Son of God (Genesis 1:26-31, 3:1-7, Romans 5:12-21).

The Salvation of Man. (A) Conditions of Salvation. The grace of God, which bringeth salvation, hath appeared to all men, through the preaching of repentance toward God and faith toward the Lord Jesus Christ; man is saved by the washing of regeneration and renewing of the Holy Ghost, and being justified by grace through faith, he becomes an heir of God according to the hope of eternal life (Titus 2:11; Romans 10:13-15; Luke 24:47; Titus 3:5-7).

(B) The Evidence of Salvation. The "inward" evidence to the believer of His salvation is the direct witness of the Spirit (Romans 8:16). The

"outward" evidence to all men is a life of righteousness and true holiness.

Baptism in Water. The ordinance of Baptism by a burial with Christ should be observed as commanded in the Scriptures, by all who have really repented and in their hearts have truly believed in Christ as Savior and Lord. In so doing, they have the body washed in pure water as an outward symbol of cleansing, while their heart has already been sprinkled with the Blood of Christ as in inner cleansing. Thus they declare to the world that they have died with Jesus and that they have also been raised with Him to walk in newness of life (Matthew 28:19; Acts 10:47, 48; Romans 6:4; Acts 20:21; Hebrews 10:22).

The Lord's Supper. The Lord's Supper, consisting of the elements, bread and the fruit of the vine, is the symbol expressing our sharing the divine nature of our Lord Jesus Christ (II Peter 1:4); a memorial of His suffering and death (I Corinthians 11:26); and is enjoined on all believers "until He comes".

The Promise of the Father. All believers are entitled to, and should ardently expect, and earnestly seek, the promise of the Father, the Baptism in the Holy Ghost and fire, according to the command of our Lord Jesus Christ. This was the normal experience of all in the early Christian Church. With it comes a deeper spiritual life and service, the bestowment of the gifts and their uses in the work of the ministry (Luke 24:49; Acts 1:4&8; I Corinthians 12:1-31). This wonderful experience is distinct from and subsequent to the experience of the new birth (Acts 10:44-46; 11:14-16; 15:7-9).

The Evidence of the Baptism in the Holy Ghost. The Baptism of believers in the Holy Ghost is witnessed by the initial sign of speaking with other tongues as the Spirit of God gives them utterance (Acts 2:4). The

speaking in tongues in this instance is the same in essence as the gift of tongues (I Corinthians 12:4-10; 28), but different in purpose and use.

Entire Sanctification. The Scriptures teach a life of holiness without which no man shall see the Lord. By the power of the Holy Ghost we are able to obey the command, "Be ye holy, for I am holy." Entire sanctification is the will of God for all believers, and should be earnestly pursued by walking in obedience to God's Word (Hebrews 12:14; I Peter 1:15&16; I Thessalonians 5:23&24; I John 2:6).

The Church

Evangelism

Healing

The Hope

The Reign

The Lake of Fire

New Heaven and Earth

The Church. The Church is the body of Christ, the habitation of God through the Spirit with divine appointments for the fulfillment of her great commission. Each believer, born of the Spirit, is an integral part of the Church of the First-born, which is written in heaven (Ephesians 1:22&23; 2:22; Hebrews 12:23).

The Ministry and Evangelism. A divinely called and Scripturally ordained ministry has been provided by our Lord for a two-fold purpose: (A) The evangelization of the world, and (B) The edifying of the Body of Christ. (Mark 16:15-20; Ephesians 4:11-13).

Divine Healing. Deliverance from sickness is provided for in the atonement, and is the privilege of all believers (Isaiah 53:4&5; Matthew 8:16&17).

The Blessed Hope. The resurrection of those who have fallen asleep in Christ and their translation, together with those who are alive and remain unto the coming of the Lord, is the imminent and blessed hope of the Church (I Thessalonians 4:16&17; Titus 2:12; I Corinthians 15:51&52; Romans 8:23).

The Millennial Reign of Jesus. The revelation of the Lord Jesus Christ from heaven, the salvation of national Israel, and the Millennial reign of Christ on earth is the Scriptural promise and the world's hope (II Thessalonians 1:17; Revelation 19:11-14; Romans 11:26&27; Revelation 20:1-7).

The Lake of Fire. The devil and his angels, the beast and the false prophet, and whosoever is not found written in the Book of Life, shall be consigned to everlasting punishment in the lake which burns with fire and brimstone, which is the second death (Revelation 19:20; 20:10-15).

The New Heavens and the New Earth. We, "according to His promise, look for new heavens and new earth wherein dwells righteousness." (II Peter 3:13; Revelation 21 and 22).

Thanks for getting back to me, and thank you for your kind words. Is the Philip Moore who married Sarah McCall the son of John Moore and Nancy Jackson? I am corresponding with another descendant of John and Nancy, who has the surname Moore. My 4-great-grandfather, William Robey, was a half brother to John Moore and step-son of Philip Moore of the Stone House fame.

I haven't put anything new on my website in several years--too much going on. I need to add some information, but no time. I have had trouble locating some of my information on various places in my database. Do you have birth, marriage, and death information for Philip and Sarah?

One thing I did do was put some of the Moore burial sites on www.findagrave.com, primarily at the Larkin Cemetery where Philip and Jemima and Philip's parents are buried. I want to add information to Greenlawn as well, where Levi Moore and his in-laws and others are buried.

Randy, My husband, Warren, is descended from Phillip Moore and Sarah McCall of Delaware Co., IN. It has been quite some time since you had helped me with his line, but I appreciated all the research that you had done on the Moore family of Ohio. Hope all is going well. Since I now have high speed, will try to get back to some of your websites to see what you have been up to. Thanks again.

Dear all—I just received the message below telling me of the death on Tuesday of Dr. Lon Chaboudy of Portsmouth, Ohio. Dr. Chaboudy and his wife, Ava, purchased the Philip Moore Stone House in 1975 and spent a great deal of time and money restoring it and turning it into a museum. In doing so, he preserved an important part of Scioto County, Ohio history. He also preserved an important part of our family's past, and for that we all owe him a great deal of thanks. Many of us will never be able to visit the Stone House ourselves, but we know it is there as a monument to the life and faith of Philip and Jemima (Lewis Robey) Moore. Please remember the Chaboudy family in your prayers. I know you have all seen pictures of the stone house before, but I am sending it again as an attachment to this letter in Dr. Chaboudy's memory.

Subject: Dr. Chaboudy (Moore Stonehouse)

The Portsmouth Daily Times Nov 13, 2003

The Portsmouth area on Wednesday mourned the death of a man who was much more than just a beloved physician.

Dr. Louis R. "Lou" Chaboudy, of 2330 Sherman Road, Portsmouth, died Tuesday in Southern Ohio Medical Center. He was 84.

"He was a role model for other physicians in terms of his care and concern for his community," said Sallie Schisler, spokeswoman for SOMC. "He provided invaluable leadership and the medical and health care community will miss him very much."

But what was so amazing about the doctor, she said, was all the other projects in which he was involved — Boneyfiddle renovation, floodwall murals, restoring history in the Phillip Moore Stone House.

Born in Portsmouth, Chaboudy graduated from Portsmouth East High School in 1936 and from West Virginia Wesleyan College in 1941. He graduated from the University of Cincinnati Medical School in 1944.

He was enlisted in the Army Student Training Program while in medical school and later served two years as a medical officer in the Army, where he was discharged as a captain in 1947.

He began a general practice in Portsmouth two years later after completing his internship at St. Louis City Hospital.

He had an office in Portsmouth and a branch office in Lucasville.

He next served a three-year residence in obstetrics and gynecology at St. Luke Hospital in Cleveland, then returned to Portsmouth, where he practiced until his retirement in 1985.

He was awarded a pin in recognition for 50 years in the practice of medicine by the Scioto County Medical Society.

Chaboudy was president emeritus of Portsmouth Murals Inc., and his wife, Ava, was secretary for the organization.

The 52 floodwall murals, painted by Louisiana artist Robert Dafford and dedicated Oct. 5, 2002, resulted chiefly from an idea of Chaboudy's and his wife's in 1992.

That year, they saw a similar project in Steubenville and later met Dafford in New Orleans, where he showed them several murals that he had completed there.

After meeting with committee members in Portsmouth, which had the murals in the planning stage, the Chaboudys invited Dafford to come and meet the committee and look at the floodwall.

Chaboudy lent his time and talents to many civic and charitable events in the Portsmouth area and, in June 1969, was elected president of the Portsmouth Area Chamber of Commerce.

Chaboudy's patients knew him as a sympathetic doctor who took time to lift their spirits as well as their physical ills.

"He was so compassionate," said Nancy Robinson of Forest Heights, South Shore. "If a good thing happened to me, he was as happy as I was. And if something bad happened, he cried with me."

Robinson said she got the bad news from Chaboudy more than 30 years ago that she had a form of cancer that was inoperable.

"He set up an experimental, six-month treatment for me," she said. "I saw it through and today I am still cancer free."

"I believe the Lord uses whatever means are at hand when He heals us. Dr. Chaboudy was a Christian, and, although we never talked about it, I believe he felt the same way as I did about my healing."

Funeral services for Dr. Chaboudy will be at 10 a.m. Saturday at Second Presbyterian Church, 801 Waller St., Portsmouth.

Friends may call from 6-8 p.m. Friday at the F.C. Daehler Mortuary Company, 915 9th St.

Full details of the services can be found on Page A2 of today's edition of the Daily Times.

On the 1850, Delaware County, IN, census, Caroline Moore, age 20, and Julia Ann Moore age 7 were living with Joseph and Ellener Williamson. Joseph Williamson married "Ellenor Moore on January 1, 1825, in Scioto County, OH.

Caroline Moore married John Truitt on October 31, 1852, in Delaware County, IN. C2-591.

On the 1860 census, Caroline (Moore) Truitt was listed as age 28, born Ohio. Julia was listed as Julia Ann Moore Truitt, age 16, adopted. Born Ohio.

So were Caroline and Julia Ann sisters? And if so, who were their parents? Was Ellenor their aunt?

WILLIAM JACKSON MOORE. -- Few of the early settlers of Delaware County were as widely and favorably known as the late William Jackson Moore, a brief epitome of whose life is here with presented. Mr. Moore was an Ohioan by birth and a descendant of a sturdy Scotch family, a number of the representatives of which became residents of the New England states at an early period of the country's history. The parents, John and Nancy (Jackson) Moore, moved from their New England home to Ohio many years ago, settling in the county of Scioto, where the birth of William J. occurred on the 14th day of June, 1813. The subject was reared a farmer, received a common school education, and on arriving at manhood's estate began the pursuit of agriculture, to which he devoted his attention until his thirty-ninth year. In early manhood, he accompanied his parents to Delaware County, Indiana, locating about three and one-half miles east of Muncie, in the township of Centre, where the mother died in 1838 and the father in 1840.

After the death of his father, Mr. Moore settled the estate, and continued farming until 1852, at which time he erected a large saw mill at the town of Selma, Indiana, and engaged in the manufacture of lumber. Subsequently, he opened a general mercantile business in Selma, and was also engaged for some time as carpenter and builder, his skill as a mechanic having been utilized in the erection of a number of dwellings and other buildings in various parts of Delaware county. Shortly after moving to Delaware County, Mr. Moore was employed as a teacher at Selma and did much toward awakening an interest in matters educational. Mr. Moore was married August 13, 1835, to Miss Sarah Wilcoxon, daughter of Lloyd Wilcoxon, one of the early settlers of Delaware county, and a family of four sons and four daughters were the fruits of the union: their names are as follows: Louisa, widow of Dr. Clark Skiff; Asbury, a cabinet maker of Bellefontaine, Ohio; John L., wholesale merchant of Indianapolis; Elizabeth, wife of Henry Burt; William R., secretary of the Delaware County Building, Saving & Loan association of Muncie; Charles R., dealer in boots and shoes, Winchester, Indiana; Sarah A., and Cynthia E., wife of John Clark, of Selma.

In many respects Mr. Moore was much more than an ordinary man, and to him is the township of which he was an honored resident for so many years greatly indebted for much of its present prosperity. He took an active and prominent part in the building of the Big Four railroad through Delaware county, and as local agent of the same at Salem was instrumental in developing a large business at that village and making it one of the best trading points in the county. His intelligence and superior business qualifications made him a very useful man in the community, and he was frequently consulted in the settlement of estates. He served as justice of the peace for several terms and proved a model dispenser of justice. In early life, he united with the Methodist church, of which he was an honored and consistent communicant for over a half century his wife and the majority of his family also belonging to the same denomination. Fraternally he was a member of the Masonic and Odd Fellows orders, the principles of which he exemplified in his every day life and conversation. He departed this life on the

1st day of September 1893, at the ripe old age of eighty years. His wife, who had been his faithful helpmate for so many years, preceded her husband to the grave January 12, 1893, at the age of seventy-six.

HARLES W. MOORE. -- The subject of this sketch was born near Portsmouth, Ohio. His parents sold their farm in the beautiful Scioto bottoms near that city in the fall of 1830, at which time they moved in a wagon to Delaware County, Indiana. He was one of thirteen children, eleven of whom were born in Ohio. His parents entered the land owned by James Boyce, three miles east of Muncie. This was a pioneer family. They had but two near neighbors being Lewis Moore and George Truitt. The family consisted of William J., Phillip, Levi, John S., Charles M., Joseph, Milton, Enos, Cynthia and Jemima. Cynthia was the wife of Jacob Calvert, and Jemima that of James E. Wilcoxon. Said William, Levi, John, Milton and Cynthia are now dead. John S., and Milton both died unmarried. Our subject received the benefit of the common schools of those days but little, and that little only in the winter. His parents did not live long to enjoy the blessings of a useful life, but they had brought the religion of their forefathers with them, and practiced it in the wilds of their new home. The mother was transferred from the rude temporal church of the frontier to that eternal church above in the autumn of 1838, and the father followed to the church triumphant in the spring of 1840. Charles W. was fourteen years of age when his father died, but he found a home with his brother William until he reached his majority in 1847. He then attended the old seminary in Muncie under the superintendence of Profs. J. S. Ferris and R. B. Abbot. In the fall of 1850 he entered the sophomore class in Asbury University, graduating at the head of his class in the summer of 1853. In the fall of that year, he was elected professor of mathematics at the Wesleyan Female College at Cincinnati, Ohio. After teaching there and in Muncie, Indiana, for a good many years, he studied law and entered upon the practice of his chosen profession at Muncie about the year 1860. He has ever since enjoyed a successful practice. He was first married in December, 1855, to Sarah E., eldest daughter of Rev. G. M. Beswick, of Greencastle, Indiana. One daughter was born to him, which died in infancy. After his wife's death, in 1857, he remained single till the fall of 1861, four years and two months, when he was married to Clara J., second daughter of Samuel P. Wilson, an old and respected citizen of Muncie, and who was the father of Mrs. Mary E., widow of the late John W. Burson. Two children were born of this marriage: Charles E. and Mary E. Charles E. was for many years bookkeeper and teller of the Muncie National bank, and its successor, the Burson bank, and the Delaware County bank, all of Muncie. He is now the secretary and treasurer of the Patterson Glass Company, located at West Muncie, in which he is a stockholder. Mary E., long a faithful and efficient teacher in the Muncie public schools, is now the wife of William R. Youse, of the firm of Youse & Haffner, carpet and paper dealers of Muncie, Indiana. Charles W. Moore is pre-eminently one of the self made men of our times, having practically worked his way through college by teaching, and finally receiving the degree of A. B., and later of A. M., for his alma mater. He is withal a modest, unassuming man, and is connected with the Methodist Episcopal Church, also, with the I. O. O. F. and Knight Templar lodges of this city, and he has the satisfaction in his declining years of seeing all his family consistent members of the Methodist Episcopal or some other church.

He is a descendant of a long line of hardy, industrious Christian ancestry. His father, John Moore, was married in Ohio, and was a soldier in the war of 1812. He followed the vocation of a farmer, and as an illustration of this distinctive trait in his character, he never sued a person, neither was he ever sued in his life. His word was as good as his bond.

ILLIAM R. MOORE, the subject of this sketch, is an old Delaware County boy, born and reared in this county, where he has spent all of his life, with the exception of about eighteen years. He is one of a family of eight children, the son of William J. Moore and Sarah (Wilcoxon) Moore both of whom are now deceased.

His parents were born and raised in Scioto county, Ohio. They came west with their parents and settled in this county in 1832, John Moore, the paternal grandfather, who was quite well to do, located on the old State road, about three miles southeast of Muncie, and built for himself a substantial brick dwelling on what is now known as the James Boyce farm. Lloyd Wilcoxon, senior, grandfather on the maternal side, located on the same road a little east of the other grandfather.

William J. was given the farm by his father about one-half mile east of the old homestead now known as the Charles W. Cecil farm, to which he added, by purchase, land enough to make in all 400 acres. He built for himself a comfortable two-story frame dwelling, which has been moved back to give place for Mr. Cecil's elegant farm dwelling.

There was quite a colony of Scioto county people located, about the same year, near and around the Moores and Wilcoxon, nearly all related to them by blood or marriage ties, of whom we will mention the Truitt's, Parker, George and James; Jackson's, Mahlon and Lemuel G., the latter an uncle of William J. Jackson, and one of the founders of Muncietown, the Jackson donation to Muncie cornering at the northwest corner of Walnut and Jackson streets, being part of his farm.

In 1822, when what is now a part of the Big Four railway system, then known as the Indianapolis, Pittsburg & Cleveland railroad, was being constructed through this county, William J. removed from his farm (which was at that time well stocked, some eighteen head of horses, with cattle, sheep and hogs in proportion), to Selma, a new station on that road six miles east of Muncie, where he engaged in general merchandising and continued for many years. Unfortunately for him he could not deny anyone credit; the result was a large number of his customers afterward removed to the far west, owing him in the aggregate thousands of dollars. At about the same time he, like many others, put his fine farm and some Muncie property into a railroad company then proposed building between Cincinnati and Chicago, via Muncie, receiving therefore stock and bonds of the fraudulent corporation, which are still amongst the papers of his estate, and if they bore interest at six percent would amount to more than \$75,000, and yet they are not worth the paper they are engraved on. He was of the kind that never became discouraged, and possessed indomitable will power. Possessing the confidence and respect of all who knew him, he set himself the task of retrieving his lost fortune, which he accomplished by slow but sure degrees. He and his life partner lived happily together for nearly fifty-eight years,

both departing this life in the same year, 1893, in the firm belief that "Death does not end all."

William Roby, or "Robe," as many are in the habit of calling him, was the fifth child, was born on the farm referred to, March 9, 1845. He received a good common school education, becoming very proficient in mathematics. After leaving school he learned the blacksmith's trade. At the breaking out of the war of the rebellion, in '61, his father's patriotism was such that he volunteered his services to help put down the rebellion, which was then thought to be a matter that could be squelched before breakfast. He was too old to be received into the service. Roby was then but little past sixteen, too young, but owing to the trade that he was working at was remarkably well developed, physically for his years. Patriotism was in the air, the war news and the fife and drum worked upon him until he finally persuaded his father to permit him to go in his stead. He enrolled himself in Capt. Samuel J. Williams' company, who was a near neighbor of the Moores. On the 2d day of July, '61, Capt. Williams proceeded to the state capitol with his company. It was ordered into camp at Camp Morton. The various companies that were encamped there were being drilled daily in the arts and tactics of war by experienced drill masters. On July 28, Capt. Williams' company was mustered into the United States service for three years or during the war. The company was assigned to the Nineteenth regiment Indiana volunteer infantry and drew place as Co. K. Sol. Meredith, of Wayne county, an intimate friend of the governor, was commissioned as its colonel. The regiment left for the seat of war on August 5, arriving in Washington city, D. c., on the 7th, and went into camp on Kolorama Heights where daily drills continued. At the time that this regiment was organized, the United States government had not adopted any particular uniform for its troops. The state of Indiana, through its indomitable will power of its great chief executive office, that grandest of war governors, Oliver P. Morton, although handicapped by rebel sympathizers, at its own expense uniformed, armed and equipped its own volunteers and sent them to the front. The Nineteenth was supplied with a gray uniform which proved to be a rebel color. The first engagement that the regiment was in it was necessary to tie strips of white muslin around their arms to distinguish them from the rebel soldiers. The Second, Sixth, and Seventh Wisconsin regiments, the Nineteenth Indiana and the Twenty-fourth Michigan, composed the famous Iron Brigade, being given this name after withstanding the furious onslaught of a whole division of Stonewall Jackson's corps at the battle of Gainesville, Va. At the time of the battle of Gettysburg, this brigade was the First brigade, First division of the First army corps. The First and Eleventh army corps opened the battle at Gettysburg and did heroic work in stemming the rebel advance occurring the first day until the Union Army came up and secured position to wage successfully the decisive battle of the war.

Young Moore took part with his regiment in various heavy battles -- those of Gainesville, Chancellorsville, Fredericksburg, Second Bull Run, South Mountain, Antietam and other minor engagements, thirteen in all, without receiving so much

as a scratch, until the battle of Gettysburg, in the afternoon of the first day's fight, while bearing the regimental banner, he had the index finger of his left hand shot away; was shortly after taken prisoner and held in the town of Gettysburg during all of the heavy engagements following. On the morning of the 4th day of July, 1863, the Union army having been victorious, he walked from the place of his confinement, out through the streets of the little town, viewing the battle field covered with its thousand upon thousands of valiant dead soldiers — a battle field of historic renown, a battle field where the noble martyr Lincoln in his unapproachable gem of a dedication address of the National cemetery said: "But in a larger sense we cannot dedicate, we cannot consecrate, we cannot hallow the ground. The brave men living and dead, who struggled here, have consecrated it far above our power to add or detract. The world will little note, now long remember, what we say here, but it can never forget what they did here."

From Gettysburg young Moore was sent to Philadelphia, where he was given a clerkship after his wound healed. The last six months of his service were spent in Indianapolis as chief clerk for Dr. P. H. Jameson, surgeon in charge of the soldiers, home. He was mustered out of the service in August, 1864, and immediately secured a position on what is now the main line of the Big 4 system. Afterwards he went to Cincinnati and took a commercial course in Bryant, Stratton & DeHans' Commercial college. Good luck seemed to follow him. He has seldom had to seek a situation. In 1865 he returned to his old home on a visit; while passing through Indianapolis the superintendent of the Bee Line tendered him the agency of his road at Selma. His parents persuaded him to accept it, which he concluded to do. In connection with that he engaged in buying and shipping grain and prospered in his business.

In 1866, he married Susanna Miller, daughter of William Miller, who was at one time county commissioner. Two Children, girls, blessed this union but they were soon called to Him who gave them. In 1873 he was promoted and sent to take charge of the station at Sidney, Ohio. Two years after moving there the directory of the First National bank of that place tendered him a position as cashier of their bank at a salary greatly in advance of any that they had ever paid previously. He accepted the position, and the earnings of the bank during his management was the greatest in its history. The Resumption act, to take effect in 1879, scared hundreds of National banks into liquidation, paying its shareholders one hundred and seventy-five cents on the dollar. He afterwards engaged in the grain trade on an extensive scale, subsequently taking a partner in the business. They operated several grain elevators, and owned and operated a line of boats in connection with their business. Having splendid banking facilities, they engaged extensively in buying track grain of other dealers throughout Ohio and Indiana, and shipping it to the seaboard. During the large crop years of 1879-80, they got caught in a blockade with large quantities of grain, which they could not get into the seaport markets in time to apply on their sales, in consequence; they were squeezed badly, crippling them, which eventually ended in an assignment. Mr. More, when

prosperous, had often said the he would not give shucks for a young man who could not get on his feet again after a financial failure, not knowing that he would so soon have a chance of trying it for himself. The loss of all of his money was a nothing as compared with the anguish and humiliation that he felt reflected on his business judgment, on which he priced himself. Two days after his failure a friend from another town came over expressly to offer him employment, knowing that it was needful for him to do something at once to ward the wolf from the door. The friend pretended that it was doing him a favor, but it was principally in the fact of his enjoyment of the consciousness that he had done a kind act to a fellow man in distress. The offer of employment was appreciated and promptly accepted and afforded time for the "lame duck" to get its bearings. After traveling a few weeks another friend offered him money for him to engage i his former business on a small scale; within six month he had cleared his first thousand dollars, passing the Rubicon. Mr. Moore had inherited from his father pluck, perseverance and good common sense, and with practical knowledge gained in his varied business experiences was soon on the road to prosperity once more. He removed to Union City, Indiana, where he remained two and one-half years, and where splendid opportunities offered for regaining lost wealth.

In the spring of 1887 he removed to Muncie, and at the present time is devoting all of his business ability to official duties of the Delaware County Building, Savings and Loan association, one of the largest in the state, of which he was the promoter and principal organizer, he holding the principal office, that of secretary. He has had many years' experience in various capacities in the building and loan business, and has the reputation of being the best posted in this particular line of business of any one in the state.

Susanna Moore, the wife of William R., is the daughter of William and Anna (Janney) Miller. Her parents were born and reared in Stark county, Ohio, and removed to Harrison township, Delaware county, many years ago, where they continued to reside up to the year 1865, when they removed to Selma. Her mother was of English descent and was a remarkably beautiful woman in her day. She died at her home in Selma, June 4, 1882, and was interred in Mount Tabor cemetery. Her father possesses a vigorous constitution and is still living at an advanced old age. He is endowed with good common sense, has a cultivated mind and a large fund of general information. Susanna takes an active part in church work, in literary clubs and her domestic duties, and enjoys the confidence and respect of all who know her.

ARON MOORE (deceased). -- Few residents of Hamilton Township were as widely and favorably known as the late Aaron Moore. He was the son of Lewis and Patience (Truitt) Moore, natives of Ohio, who came to Delaware County in the fall of 1829, settling in the township of Centre, the former dying November 20, 1841, and the latter in 1874. They were the parents of ten children, of whom the following are now living: Parker, of Centre township; Rhoda, wife of Lloyd Wilcoxon of Muncie; Lewis, who lives in Illinois, and Patience. The names of the deceased are as follows: Nancy, John, Aaron, Amanda, Sarah and Mary.

Aaron Moore was born in Scioto County, Ohio, August 22, 1819, and grew to manhood on the farm, acquiring, in the meantime, a practical education in the common schools. He was married October 28, 1843, to Mary A. Truitt, and immediately thereafter located on 120 acres of unimproved land, from which he cleared a valuable farm and to which he subsequently added an additional seventy acres, making his home place one of the best in Hamilton Township. He followed agricultural pursuits all his life and met with most flattering success, acquiring thereby a comfortable competence, which with an unblemished name he left to his descendants. Mr. and Mrs. Moore had a family of six children, two of whom are now living: Lewis and Florence, the latter born October 24, 1856, and who in 1885 was married to W. T. Minton. Mr. and Mrs. Minton have one child, Lucy, born June 21, 1886. They reside on the home place and are among the highly respected residents of Hamilton Township. The following are the names of the children of Mr. and Mrs. Moore who have passed from life: George; Naomi, left one child; Mary E. Brook, born February 3, 1881; Sarah, and Julia.

Mr. Moore was one of a class of men who are rapidly passing from this region, and possessed, in a marked degree, the characteristics, which distinguish that class, namely, industry, economy, good business foresight and a high sense of moral obligation to the community. He was for years a faithful member of the Methodist Episcopal church, in which he held the position of class leader and Sunday school superintendent, and was always identified with the moral and spiritual advancement of his neighborhood. Politically he supported the Democratic Party, and at one time held the office of trustee of his township. The death of this good man occurred June 25, 1873, and his body was laid to rest in the family plot of the Moore cemetery, followed to the grave by a large concourse of sorrowing relatives and friends.

Mary A. Moore is the daughter of George and Frances (Waldren) Truitt, both parents natives of the state of Pennsylvania. George Truitt went to Ohio at the age of fourteen, where he lived until his majority, and in 1820 was united in marriage with Miss Truitt, who bore him six children; Mrs. Moore, being the eldest of the number, was born April 16, 1822, in Adams county, Ohio. The names of the other members of the family are as follows: Miner, deceased; Rhoda, wife of Samuel Cecil, a farmer of Centre township.; Joshua, who resides in Muncie, and William, deceased. The mother died in 1836, and the following year George Truitt

, took to wife Mary Waldren, who bore him one child, Caroline, who died some years ago. The father died January, 1872, at an advanced age. Lewis, the eldest son of Aaron and Mary A. Moore, was married, in 1874, to Miss Ophelia G. Cones, and now resides upon the home farm. He is one of the prominent citizens of the community and one of the representative farmers of Hamilton Township. He first attended the common schools of Delaware County, and later spent three years at Wabash College at Crawfordsville, Indiana, where he intended to complete the regular collegiate course, but on account of the death of his father, he abandoned that idea. At nineteen years of age he enlisted in company B, One Hundred and Thirty-fourth Indiana volunteer infantry. For three years, he has been giving special attention to breeding thoroughbred Jersey cattle.

ARKER MOORE, one of the oldest and most respected agriculturists of Centre Township, Delaware County, Indiana, deserves to the full a brief notice among those other worthies of the township of whom mention is made in these pages. He was born February 28, 1826, in Scioto County, Ohio. His father, Lewis Moore, was born in Pennsylvania January 4, 1797, and on the 4th day of January, 1816, married Patience Truitt, a native of Armstrong County, Pennsylvania, then residing in Scioto County, Ohio. They were the parents of ten children, namely: Nancy Moore, Aaron Moore, Amanda Moore, Rhoda Moore, Parker, John Moore, Lewis Moore, Sarah Moore, Mary Moore and Patience Moore, of whom Nancy, Aaron and John are deceased. The father was a farmer, and followed that occupation during life. He sometimes built flat boats while living in Ohio, and, loading them with produce, sold it to towns along the river. He came with his family to Delaware county, Indiana, in 1829, and entered land in Centre Township, where he claimed and proved a farm. He died November 20, 1841. His wife died September 22, 1874.

Parker Moore was but three years of age when he came to this country, and grew up with but very limited educational advantages. At the age of twenty-three years he married Miss Martha Smith, daughter of John and Harriet Smith, who died December 10, 1871, leaving four children -- Caroline Moore, William R. Moore, George W. Moore and Parker T. Moore August 8, 1872, he was united in marriage with Mrs. Christina Cook, daughter of Gilpin E. Cook, and widow of the late Andrew N. Ribble, of this county. Her parents came to Delaware county in 1846, where the mother died in 1854. The father then moved to Blackford county, Indiana, where he was engaged in milling operations until his death, which occurred in 1861. Mrs. Moore died July 17, 1876. April 16, 1887, Mr. Moore was wedded to his present companion, Miss Mary Cook, of this county, and the daughter of Gilpin and Sarah (Bush) Cook, who were natives of Pennsylvania and who are both now deceased. Mr. Moore is one of the representative men of this township and occupies the old homestead farm. He is a successful farmer and an active friend to public improvements and the cause of education. He and wife are members of the Methodist Episcopal church, and they enjoy the good will of all who know them. He is one of the earnest republicans of this county and has been voting that ticket since the organization of the party in 1854.

WILLIAM M. MOORE, a successful farmer and an ex-soldier, now living upon his own farm in Salem Township, Delaware County, Indiana, was born in Franklin County, Pa., March 26, 1846, a son of David M. and Effie E. (McEwen) Moore, both of whom were natives of the Keystone state. Mr. Moore was of German and his wife was of Irish descent, both vigorous and enterprising people. They immigrated to Middletown, Indiana, September 1, 1848, where Mr. Moore followed his trade of wagon maker for some time, later in life becoming a farmer. His death occurred in 1880; Mrs. Moore still survives, and resides with a daughter in Fall Creek Township, Henry County.

William M. Moore is one of a family of ten children, and remained with his parents until he enlisted in the Union army during the late war. November 18, 1861, he entered the One Hundred and Twenty-fourth Indiana volunteer infantry, under Captain Jackson, and was sent to Indianapolis, thence to Louisville, then to Nashville and to Murfreesboro, and took part in the battle of Buzzard's Roost, this being the first engagement with Hood. They went all through Georgia, and Mr. Moore was with his regiment, participated in the battles, skirmishes and marches of that brilliant campaign, and followed Hood's army to Clifton, Tenn. They also were through North Carolina, and the last engagement was at Kinston, that state. They were mustered out the last day of August 1865, at Greensboro, and arrived safely in Indianapolis, September 10, 1865.

After his return from the army, Mr. Moore worked at the trade of wagon maker for four years, but later became a farmer, and now owns a fine place, well improved, which he has obtained by his own honest and untiring labor. He was married January 15, 1873, to Margaret E. VanMatre, the daughter of Henry and Elizabeth (Summers) VanMatre, and by this union seven children have been born, four of whom are now living, the family record being as follows: Iva Ethel, born November 1, 1873; Sadie V. born February 20, 1875; Joseph H., born February 23, 1877; Carrie B., born November 18, 1879; Blanchie, born August ii, 1881, and died December 20 of the same year; Helen V., born May 28, 1888, and died January 31, 1889, and William M., born March 16, 1890, and died August 20, 1891. Politically Mr. Moore is a republican, and is well known and much esteemed in the county.

*Portrait & Biographical Record
Delaware County, Indiana
by A. W. Bowen & Co.*

ANIEL B. MOORE is one of the prominent agriculturists and enterprising citizens of Niles Township, Delaware County, Indiana. His grandparents were residents of Canada, but his birth took place in the city of Wilkesbarre, Luzerne county, Pa., October 29, 1839, a son of John R. and Sarah (Bodle) Moore, natives of Ireland and of Germany. His parents removed from Pennsylvania to Illinois in the spring of 1855, where they remained until the time of their demise, the father dying April 17, 1863, and the mother November 12, 1869, and they were laid to rest in Henry county, Ill. They were good and worthy people, the father being a deacon in the Baptist Church, in which both were esteemed members. Mr. Moore, Sr., was a justice of the peace for many years and also taught school.

Daniel B. Moore made his home with his parents until the time of his marriage, when he was twenty-eight years of age. He had received educational training in the public schools and was an intelligent and apt pupil, and when he started out for himself was a capable man of business. He chose for his wife Miss Kate Weinman, daughter of Christian and Kate (Wolf) Weinman, natives of Germany, born in Wurtemberg, who came thence to Philadelphia and from there to Illinois. They settled in Henry County, that state, on a farm of 160 acres. By trade, Mr. Weinman was a butcher, and both he and wife were members of the Lutheran Church. He died December 27, 1869, the mother died February 22, 1886 and they were laid to rest in the Weathersfield Cemetery in Illinois. The family of Mr. and Mrs. Weinman were: George F., a butcher by trade; Margaret, wife of William Wold; Edward, a farmer; Elizabeth, wife of Thomal Lincoln; Mary; Joseph, a farmer, and Kate who became the wife of Daniel B. Moore December 4, 1867. The family of children born to the parents of Mr. Moore consist of six: Sarintha, the wife of H. C. Merritt; Robert, a farmer; Susan, the wife of Tracy Sykes; Daniel B.; John, a merchant, and Sarah, the wife of Daniel A. Bigelow.

Daniel B. Moore first located on the old homestead, where he carried on farming for several years, but in 1874 he moved to Indiana and went into the lumber business, but later purchased the farm of 160 acres where he now resides. Mr. and Mrs. Moore have two children, Kate C., the wife Daniel Storer, and Annie Mabel, yet single. Mr. Moore is a member of the Masonic order and has taken a prominent part in the affairs of the township. He was one of the first advocates of the pike roads, and, although there was much opposition in some quarters, he finally carried his point and the people are grateful. He is the president of the Niles Natural Gas Company and is very highly regarded, in every way, as an enterprising and excellent citizen. The family are members of the Missionary Baptist Church, in which body he is a trustee, and all his acts conform to its teachings.

Hi again,

I thought I should up-date you on what has been happening here with the Moore family of Delaware Co., IN. I sent to the Delaware Co. His. Soc. and received an answer back. It came from Sue Roszell who happens to be a Moore descendant also. Her line is from our John's (died 1840) "uncle John and Aunt Sarah." Since the Delaware Co. history told of "Uncle John" who was there before our John and Nancy came I had heard of him before. "Uncle John" was also the John Moore who is buried in Parker-Moore Cemetery with his wife Sarah, in the year of 1839 when they died 3 days apart. He was the one I had at first confused with our John, d. 1840. So many Johns etc.!!! Easy to get confused. Sarah, wife of Uncle John, was Sarah Lewis who was a sister to Jemima Lewis who married Phillip, father of our John Moore. So these brothers married sisters, Phillip staying in Portsmouth, and "Uncle John" coming to Indiana.

Sue thinks that Lewis Moore, the other main Indiana pioneer, was a son of John and Sarah, but cannot prove it as yet. He can probably not be the son of Phillip as the William Robey letter lists only 4 sons of Phillip and Lewis is not among them. It makes sense then that if "Uncle John" married a Lewis also that he could be named for his mother, Sarah's family. I knew her name was Sarah, but did not know that she was Jemima's sister with a last name of Lewis.

Sue also said that she cannot find Phillip and Sarah in the 1860 nor in the 1870 census reports of Delaware Co. She was of the opinion that they might have come to Indiana since our Cynthia married Wm. Hollopeter here. But I have pretty much covered all the census reports in this area and have not found any Phillip that would fit.

She sent me an article on the 50th wedding anniversary of Phillip's brother, William Jackson Moore, who married Sarah Wilcoxon. In the article it names Phillip as a brother who was "absent". It appeared then that in 1885 he was alive, but just did not come to the anniversary celebration. I will include that article here before I send this off to you.

So with this in mind I went again to the 1880 census on line that I had gone over before, but this time did not use a place, but the approximate birthdate of Phillip. I found this:

1890 census of Flora, Clay, Illinois (Clay Co. is in the southern half of Illinois and in the middle of the state going east and west.

Phillip Moore.....married.....male, white, 64.....born Ohio.....Stock dealer.....1816

They fail to give the birthplace of his parents

Perhaps Phillip was not at home at the time the census was taken and Mary didn't know the answer to that question.

Mary J. Moore.....wife.....female, white, 48.....born IN.....keeps house.....1832

Both parents born in Ohio

Florence Moore.....dau.....female, white, 7.....born IL.....1873

In the Delaware Co., IN, marriages we find a marriage for:

Philip Moore and Mary J. Lewellen, August 13, 1870 Vol. C5, page 411

It would not be impossible for our Phillip to be a stock dealer as several in the family were that as well as farmers. If the Sarah in Beech Grove Cemetery belongs to our Phillip, then he would have been free to remarry. Many Phillip Moores out there. And if married in 1870 then Florence would be his daughter.

I asked Sue to see if the marriage records would give the birthdate or any other information on this Phillip and Mary J. So far I have not heard back from her. Should these ages be close, then I believe we have located where our Phillip went. It probably would have been far enough away that it would not be an easy trip back for the anniversary celebration of his brother.

This still doesn't explain where he and Sarah might have been in 1860 when the census was taken. Still to be discovered. I do not have a subscription to any of the census online places, but should probably check the Allen Co. Library, before I invest.

Sue is also interested in having copies of the probate papers of John. She can probably get her own copies if she knows where you got yours. And I think I would like to do that also. So what address did you use to get them?? I was surprised that she asked as she is a member of the His. Soc. there and assumed she would have already found the information since she is of the Moore family. However, there are a lot of Moores out there and to keep them straight is a chore, plus she is

coming from a different line than our John. I have put together a packet with the descendants of Cynthia Ann Moore and William Hollopeter and have it ready to go to her, plus some copies of a few of the pictures. Since Cynthia grew up there, they were interested in what happened to her.

Interesting that they are going to work on restoration of the Parker-Moore Cemetery this coming summer and will have a celebration of it also. But she did not give me a date for it. I will look over what she sent and make some copies and send them to you this week. Also a brochure about the Moore house in Muncie that was turned over to the Delaware Co. His. Soc. So we have two houses to visit...one in Muncie and one in Portsmouth, Ohio.

Have you heard any more from Randy Campbell?? I just received an Easter Greeting but nothing more. Perhaps he is still very busy with his studies, etc. Some people still have to earn a living I guess!! Cannot play with genealogy every day.

Happy Spring to you both,

Betty
